BMV CONTROLLED SITE ATTACHMENT

Location # 76-F, Stark County, Massillon

This is a BMV Controlled Site. A "BMV Controlled Site" is one in which the BMV will designate the exact site where the deputy registrar agency will be located. The BMV will arrange a master lease for the site. The master lease may be held by the BMV itself or a county (in conjunction with a Clerk of Courts Title Office). The successful proposer will be required to sublease space from the entity holding the master lease and to operate the deputy registrar agency at that, and only that site.

Site fixtures. For this site, the BMV will make arrangements for the construction, installation, or modification of HVAC, interior walls, ceilings, flooring and counters; the installation of a monitored alarm system; the installation or modification of signs; and other permanent fixtures, as necessary. The deputy registrar appointed shall pay to the BMV a reasonable user fee for any such fixtures during the term of the contract. The user fees may be based upon the BMV's actual costs, on an amortized basis, or upon any other reasonable basis. The deputy registrar, at the deputy's own expense, shall be responsible for maintaining all such fixtures during the term of the contract. During the term of the contract, the deputy registrar shall not add, modify, or remove any such fixtures without the written permission of both BMV Field Services and ODPS Facilities Management. At the end of the contract, all such fixtures shall remain the property of the BMV and the deputy registrar shall not remove or commit any waste on the premises or fixtures. The deputy registrar shall be strictly liable to the BMV for any waste or damages.

Security deposit. The selected deputy registrar will be required to make a security deposit equal to one month's rent prior to the beginning date of the contract. The security deposit will be held by the BMV during the term of the contract and lease to protect the BMV from any damages to the premises during the deputy registrar's tenancy.

Status as an independent contractor. This arrangement does not affect the deputy registrar's status as an independent contractor. Except for the requirement that the deputy registrar operate the agency at the site and with the site improvements and fixtures selected by the BMV, the deputy registrar shall be responsible for the independent business operation of the agency in the same manner as deputy registrars who provide their own sites.

Business equipment and furniture. The selected deputy registrar will be required to supply all other equipment necessary to operate the agency, including chairs, desks, typewriters, storage shelves, file cabinets, a safe, and all other necessary office supplies and equipment. (See RFP section 1.13). The deputy registrar shall remove the deputy registrar's business and furniture at the end of the contract unless the deputy registrar agrees to sell or transfer it all or in part to the successor deputy registrar.

Pending sites. In some instances, the exact site has not yet been chosen. In those instances, the BMV cannot give any detailed information about the site at this time and the actual site improvement costs and rental costs are not known and will not be known by the deadline for submitting proposals.
